PROFESSIONAL SUMMARY

Web Developer with 3+ years of experience in building responsive, high-performance web applications using React.js, Node.js, Django, and PHP. Skilled in frontend architecture, full-stack development, API integration, and database management. Experienced in mentoring junior developers, collaborating with cross-functional teams, and delivering scalable solutions. Proficient in modern web technologies and frameworks with a strong focus on performance optimization, UI/UX, and code quality.

EXPERIENCE

KRISHTEC – Coimbatore, TN

2022 - Present

Web Developer

- Led development of responsive, high-performance web applications using **React.js, Node.js, and PHP**.
- Designed scalable architecture and optimized performance, improving load times and efficiency by **30%**.
- Mentored junior developers through code reviews and knowledge-sharing, enhancing team productivity.
- Collaborated with **UI/UX designers, QA, and project managers** to ensure timely delivery of quality solutions.
- Integrated **RESTful APIs and third-party services** to expand application functionality.
- Enforced best practices in **code quality, security, and maintainability**.

KEY PROJECTS

1. Food App Web Application - Technology: React.js, JavaScript, REST APIs, MERN Stack

Developed a fully responsive food ordering web application using React.js and the MERN stack, leveraging reusable components and modern UI patterns. Implemented key features including menu listing, search, filtering, cart management, and user authentication. Integrated RESTful APIs and backend services for dynamic product data and order processing, while optimizing state management and performance to ensure a smooth and seamless user experience across devices.

2. Student Course Allocation System - Technology: Django, Python

Designed the frontend architecture and overall application structure for a student course allocation system. Created intuitive interfaces for student course selection and staff course management, coordinating with backend developers to ensure seamless data flow. Focused on usability, responsive layout, and consistent UI flow throughout the application.

EDUCATION

K.S.R. College of Arts and Science – Thiruchengode, TN

July 2019 – June 2022

Bachelor of Science in Computer Science **CGPA: 8.0**

Awarded: 'Outstanding Student of the Year 2019'

High School | Govt HSS Pallipalayam. | 2018 - 2019 | 65%

SKILLS

Programming Languages: JavaScript, HTML5, SQL, Basic knowledge of Python

Known Tools: VSCode, Git, Github, Npm, Vite Sublime Text, Microsoft Application, and Godaddy.

Database: Mongo DB, MySQL / PostgreSQL.
